Certificate of Origin

GELATIN TYPE B - BOVINE

Gelatin Innovations Type B Bovine Gelatins are produced in our Schiller Park, IL (U.S.A.) plant exclusively from non-B.S.E. affected materials from various non-B.S.E. countries. The list of countries at this time consists of Brazil, Argentina, and Columbia. Your custom made product may be fabricated from various blends of material from these countries.

All of the materials from which the gelatin is extracted are from animals that have received documented veterinary inspections and were deemed healthy and fit for human consumption.

Without this documentation, the regulatory agencies will not allow the gelatin to enter our plant since it is subject to the inspection and approval of both the F.D.A. and the U.S.D.A.

Sincerely,
