Certificate of Origin

GELATIN - FISH

Gelatin Innovations fish gelatin is produced in our Schiller Park, IL (U.S.A.) plant from material originating from one or more of the following countries: Taiwan, Italy, Spain, Korea, France. All of the fish were deemed healthy and fit for human consumption.

Without this documentation, the regulatory agencies will not allow the gelatin to enter our plant since it is subject to the inspection and approval of both the F.D.A. and the U.S.D.A.

Furthermore, there are no B.S.E.-related issues since this is a 100% fish derived product.

Sincerely,

Sheila Tenut
