## **Certificate of Origin**

### GELATIN TYPE A - PORCINE

Gelatin Innovations Type A porcine gelatin is produced in our Schiller Park, IL (U.S.A.) plant from components originating in the U.S.A. and / or Canada and / or Brazil. Your custom made product may be fabricated from various blends of material from these countries.

All of the materials from which the gelatin is extracted are from animals that have received documented veterinary inspections and were deemed healthy and fit for human consumption.

Without this documentation, the regulatory agencies will not allow the gelatin to enter our plant since it is subject to the inspection and approval of both the F.D.A. and the U.S.D.A.

Furthermore, there are no B.S.E. related issues since this is a 100% porcine derived product.

Sincerely,

Sheila Tenut
